[bible.org](http://bible.org) - on the left side of the home page, click the dropdown menu at Bible.org. You'll see NET Bible with notes and commentary by Tom Constable (a former Dallas Seminary professor)  
[bible.org](http://bible.org) has many resources on it as well

Precept Austin - this is a massive study site; very conservative; resources are generally marked if they hold to a different theological ideology than we do at GBC; a combination of commentaries, sermon series, Bible encyclopedias, Bible dictionaries, etc. You may want some help to learn how to use this site.
