

How Great Is Our God (Microscope View) - Psalm 139:13-18

Taking a moment to observe the wonderful works of God, his fingerprints upon creation, should lead us to praise for who he is and strengthen our faith as we see his glory on display. Not only does the cosmos and observable world lead us to this but also that which cannot be seen by the naked eye. Look under the microscope for a moment to see the beauty of what God has designed.

How Great Is Our God... (Ps 19; Rom 1)

Betelgeuse (part of Orion Constellation) –

Peregrine Falcon –

1) Recognize _____ Are the Handiwork of God (Ps 139:13-18)
